# ANNUS DOMINUS MCML

On this, the first of a new year, may we wish you health, happiness and prosperity for the next 365 days to come. We are especially interested in your prosperity because therein lies the reason for the existence of our business. Furnishing you with top quality nursery stock at a price that enables you to realize an excellent profit gives us a great deal of pleasure as well as a reasonable profit for ourselves. Your enthusiastic reception of our mailings during the past fall season has been most gratifying. You've bought us out on some items — lowered our inventory to a very low figure on others — For this we thank you! However, we still have a good selection of varieties and sizes from which you can select your needs for the coming spring months.

The economic forecasters have told us to expect a good market for the coming spring months with the buyers exercising more selectivity and placing more emphasis on quality. That's exactly what The Southern is doing down here at The Center of the South — **PLACING THE EMPHASIS ON QUALITY.**

This past growing season was the best in many years. Open weather during the fall months enabled us to cure, dig, grade and store our trees in an even better manner than usual. Each size grouping is well branched carrying good height. The items on this list are awaiting your orders. They can be shipped immediately or held until whatever date you wish them shipped. The important thing is to place your orders while our stocks are still complete. While you can get what you want! You run absolutely no risk! **YOU ARE PRICE PROTECTED.** You book your order at the prices listed herein. If we publish a lower price before your order is shipped you get the benefit of the lower price. If we raise the price your order is shipped at the old low figure. You can't lose — **BUT — BY ACTING NOW** you can be assured of top quality stock for your spring customers and further be assured of their repeat business.

**REMEMBER!** Never has quality been more important. Keep the customers you have and gain new ones by the high quality stock you sell. **ORDER TODAY**

From The  
CENTER OF THE SOUTH  
**SOUTHERN NURSERY CO.**  
The Established in 1872 **AND LANDSCAPE** INC.  
**WINCHESTER, TENNESSEE**

To further serve our customers the SOUTHERN has just completed a modern storage plant to enable us to hold your orders until you want them shipped. The building contains over 8,000 square feet of storage space and over 54,000 Cubic Feet of sawdust was used as insulating material. It has a forced air ventilating system and is so arranged that either freight cars or cargo trucks can be loaded directly out of storage at any time.
